

Installation Specifications

At www.CORONADO.com product specifications can be downloaded in CSI format.

Choices Specific to Creek Rock

- Standard Colors:** Apache Brown, Calico Sand, Palm Springs Blend, Southwest Blend or Any Custom Color
- Grout Joint Width:** Standard 1/2" Grout Joint or Drystack (with some fill-in grout)
- Grouting Options:** Deep Raked or Drystack
- Grout Joint Color:** Natural Grey, Natural Off-White, White or Complementary Color
- Accessories:** Corners, Complementary Tiles, Wall Caps, Post Caps and more. (See Accessories section of binder)

Special Installation Notes

- Pattern:** Blend the stone on the wall from several different boxes to ensure proper color and size variation. **See catalog photos for recommended installation pattern.**
- Grout Joints:** When stacking Creek Rock, lay stones in a near-level position (10°-15° off-level maximum). Grouting may be necessary.
- Sealing:** Not required. However, if installed on an exterior exposed to excessive water from runoff or improper drainage, we suggest the product be sealed in that particular area to protect it from staining or spalling during freeze-thaw cycles.
- Freeze-Thaw:** When installing stone in a freeze-thaw environment, extra care should be taken to ensure a full coverage of mortar on the back of each stone, which will prevent water pooling behind the stone after it's been installed.
- Drystack:** A polymer modified mortar should be used for all drystack applications.
- Installation Info:** Download Coronado's latest installation instructions at www.coronado.com for information on mortar and installation recommendations.

Profile Properties

- Size: Standard:** 3" to 10" (nominal) **Skippers:** 1" to 2" in height and up to 6" in length (nominal).
- Thickness:** Varies from 3/4" (edges) up to 2 1/2" (center section). Note: Use 1 1/4" dimension for setting light fixtures.
- Weight:** 7 to 10 lbs. per square foot.
- Packaging:** Available in big boxes (100 sq ft Flats & 100 lft Corners) or Dura-Paks (12.5 sq ft Flats & 12.5 lft Corners). **When purchasing Creek Rock, coverage is based on installation with a 1/2" joint at the back of the stone.**
